Liebert Mini Computer Room – Air Conditioned Network Server Racks 42U and 24U Cabinet Configuration – 1.6kW to 3.2kW Cooling Capacity

Protecting Sensitive Equipment Outside the Data Center

With the Mini Computer Room air conditioned computer cabinet, Liebert has solved the problem of how to protect sensitive computer and networking equipment when it is placed outside the data center.

With the Liebert Mini Computer Room, you have a 42U or 24U integrated, air conditioned, sealed and gasketed computer cabinet with optional UPS emergency power protection in a 19” and 23” wide computer racking cabinet.

Now you can have Liebert engineering and quality in this completely self contained, secure server and computer rack cabinet. Designed for network servers and switches, this NEMA 12 rated enclosure is an ideal solution for remote server locations, dusty environments, shop floor installations or simply to provide needed space without expanding your existing server room.

The Liebert Mini Computer Room provides for an economical equipment protection solution. Simple installation is provided by its NEMA 5-15P input line cord and with its removable side panels, equipment installation is simple!

Optional accessories, such as shelves and fixed rail kits provide for a complete build of materials. Each cabinet is pre-configured with castors, leveling feet, power strip, locking front and rear doors. Units are completely assembled prior to shipping, providing for easy installation.

Liebert Mini Computer Room Features

Air Conditioned, Temperature Controlled	Power Conditioning Protection
Online Double Conversion UPS Protection	Backup Cooling Fan
Insulated, Gasket Sealed Cabinet and Doors	Power Strips
Lockable Front and Rear Doors	Leveling Feet and Casters
Protection from Overhead Sprinklers	Adjustable Mounting Rails
Wide Area Network Communications	19” or 23” Equipment Racks

Cabinet Dimensions and Racking Capacity

24U Cabinet with 24U of internal rack space

Outside Dimensions: 59”H x 23.5”W x 38”D, approx. 360 lbs.

Internal Racking Dimensions: 19”W x 30.5”D

42U Cabinet with 30U of Internal Rack Space

Outside Dimensions: 78”H x 23.5”W x 38”D, approx.580 lbs.

Internal Racking Dimensions: 19”W x 30.5”D

Note: The Liebert MCR is configured with 2 power cords. The air conditioner utilizes a NEMA 5-15 plug (15 amp circuit) and the optional Liebert UPS battery backup system utilizes either a NEMA 5-20P or 5-15P plug, depending on model. Each is to run on dedicated circuits.
